Coffee and Worship

The CCS Fine Arts Club would like to invite you to "Come in and Recharge!" at the **Coffee House and Worship tonight, March 1**, from 7:00 - 9:00 pm, here at the school. Elementary students are invited to attend with an adult. You'll be glad you came!

You should also know that the Fine Arts Club will be selling **water ice to celebrate the first day of spring** on March 20. Stay tuned for more information.

Trimester Ends

The **end of the trimester is next Thursday, March 7**. Parents should check ParentsWeb for missing work and encourage students to hand in all assignments. **We have no school on March 8**; it is an in-service day for teachers.

Eagle Scout Honors

We are pleased to let the CCS family know that our own Will Stomp, who is a senior this year, is following in his dad's and grandpa's footsteps in becoming a **third generation Eagle Scout**. Congratulations, Will.

Inter-age Interaction

One of the wonderful things about having preschool through grade 12 on the same campus is the fact that stu-

dents of different ages can easily interact. Recently senior Annalise Fox visited the first grade classroom to share with them about her mission trip to Kenya last summer. See more [photos on Facebook](#).

Today was Dr. Seuss Day for our primary grades, PS-2

We also have quite a few high school students who are regular helpers in the elementary classes. Some go to the computer lab with the students and help them to complete projects, some have lunch with the students, some are in the classroom providing hands-on help to any student who needs it.

Robots Arrive!

Another inter-age event happened this past Tuesday when high school students helped fifth graders build robots. This special event occurred because Mrs. Caley received a grant from the PPL Foundation. The PPL Foundation awards 25 grants annually to empower educators who spark their students' imaginations. Mrs. Caley and Mrs. Brenner aligned the project with the school's STEM goals for the year. The school received \$1000 for supplies to build solar-powered robots. High school students in Mr. Everhart's technology class helped the fifth graders build the robots. Next, the fifth graders will help the fourth graders! More [photos on Facebook](#)!

Have Your Tickets?

"[A Night with Zach Ertz](#)" is coming on April 5 at the Scottish Rite Cathedral in West Reading. Promotions to our churches and the general public begin March 3 and 4. If you have not yet

snagged your [tickets to the event](#) and tickets for the photo opportunity, get them now!

Think Re-enrollment

We want to be sure you know that with our new re-enrollment plan, your **student(s) will automatically be re-enrolled for the upcoming school year**. No action is required on your part if your students will continue their enrollment at CCS! We are asking that families contact the school office by April 1 *if they are not returning* to CCS next year. Families that inform the office by April 1 will not incur a Transfer of Records Fee of \$150 per student. To be fully informed, **read the entire re-enrollment letter** that is again attached to the newsletter email.

Basketball Update

The past week has been a busy week for the varsity basketball teams at CCS. Both the girls and boys teams have played 3 district games since Thursday, February 21. The girls lost last night to Harrisburg Christian, finishing their season at 13-11. The boys currently sit at 19-6 and will play in the first round of the PIAA state tournament on Friday, March 8; time and location to be announced.

Race for Education

Plans are progressing well for our 2019 Race For Education. Potential Sponsor Lists are being updated, and students are working on their Pledge Letters to be mailed by March 22.

The Cougar Update

Volume 7, Issue 24

March 1, 2019

This year's incentives are looking very exciting. An event away from school, gift cards, and a celebration lunch are some of the things in store for our top fund raisers!

Please pray that the Lord would bless our 2019 RFE on May 3 and that His plans would be our plans.

Golf Outing

Registration for our "Drive Fore Education" golf outing begins next Friday, March 8. The outing itself is slated for May 20 at the Honey Brook Golf Club. Stay tuned for more information.
